MAILROAD WAR IN THE NORTHWEST ON

Seattle Times Says Neither Hill Nor Harriman Can Conceal the Fact.

SEATTLE, Wash., April 14.—The Times

SEATTLE, Wash., April 14.—The Times today says.

"Within the last thirty days the clash of ralivoad interests in the Pacific northwest has been started anew in a score or more of places in a genuine competitive railroad war, which not even the astute Mr. Harriman, the uncommunicative Mr. Earling or the diplomatic Mr. Hill can hide, disguise or conceal. The flight is not three-cornered, but four-squared, with the Hill interests, the Great Northern, the Northern Pacific and the Spokane, Portland & Scattle involved in a bitter controversy in condemnation suits and otherwise with the North Coast Railway company, the Oregon & Washington (Harriman) and the Canadian Pacific railway.

"Here are a few points on the map of the Pacific northwest where the controversy is either at the present moment being fought out in the courts or where that railroad engineering parties are struggling for vantage points and strategic locations in undeveloped country:

"In the Clearwater country east of Lewiston, Ida., Northern Pacific and Harriman surveyors are both working over the old grounds covered by the one-time projected Missoula cutoff, which was abandoned years ago when Charles S. Mellen, president of the Northern Pacific, entered into the famous 'gentlemen's agreement' with Harriman jointly to build and operate the Riparia-Lewiston line and quit quarreling over the rich Grangeville country to the east.

"In the Flathead country, 100 miles square, in Montana, where Hill surveyors are up against a hard fight with a small army of Milwaukee engineers in opening up a vast virgin region of immense resources, probably larger in area than any single undeveloped part of the Pacific northwest. Harriman already is within striking distance of this rich country, and can quickly protect his interests there.

"In Spokane the bitterest fight of all is he progress in condemnation seuten acress of land in the heart of the city, formerly owned by the Great Northern hut privately conveyed last November by Hill official, seeing under orders, to the

McCUNE ROSSING WATER TO SELL RAILROAD BONDS

For the purpose of marketing part of the Cerro de Pasco raliroad extension bonds in London, A. W. McCune of Sait Lake salled Wednesday from New York for Liverpool on the Cunard liner Maure-tania. The bonds are guaranteed by the Peravian government and it is surmised that Mr. McCune will find no trouble in marketing them upon the London market, which, when done, will enable the com-pung to begin construction of the rali-road.

Mr. McCune has many friends in Salt Lake who are interested in the project, as it is the biggest scheme with which that financier has ben identified. If consumnated, direct connections will be made between the rich ore-producing districts of Peru and the headwaters of the Amazon, and thus to the Atlantic. The road will also open up other rich resources of Peru.

STREET CAR COMPANY AND MEN TO CONFER

In anticipation of the expiration of the agreement between the Utah Light and Railway company and its employees, a meeting will be held today between representatives of both factions in order that all matters of disagreement may be settled peaceably. The agreement made two years ago expires May 1. The trouble began when the local chapter of the Amaigamated Association of Street Car and Electric Railroad Euployees demanded an increase in pay and that the union be recognized. The union won its point as far as the increase in pay was concerned, but failed to force the company to recognize the union.

The executive committee representing the men has drafted a new agreement.

The executive committee representing he men has drafted a new agreement, which has been sent to the company. Although its provisions have not been made ublic, it is understood that one of the rincipal points asked by the men is that ie union be recognized.

DEVELOPS NEW PHASE

HELENA. Mont. April 14.—The hearing called for today by the state board of railroad commissioners on the question of coal rates developed a new phase—the intention of the commission to put in joint rates between the various roads handling that product. Counsel for the Chicago, Milwaukee & St. Paul. Great Northern and Northern Pacific gave formal notice that they did not concede the right of the commission so to act, and with this understanding the taking of testimony was begun. A large number of witnesses were examined and their testimony had wholly to do with rates, not only on Montana coal, but shipments from Wyoming, Utah and Canada. A decision is not expected for some time.

Hood's Sarsaparilla

Has cured so many cases that seemed almost beyond the reach of medicine, that people ask, Why?

An examination of our well-known formula, from which Hood's Sarsaparilla is and always has been carefully and scientifically prepared, confirms the fact that it contains those well-known and valuable medicinal ingredients, which, when intelligently combined and properly administered, are sure to bring about good results.

It is the properly balanced proportion, combination and process in combining those ingredients known to have specific action upon the blood, stomach, liver, kidneys and bowels, which make Hood's Sarsaparilla peculiar to itself and enable it to produce results unequaled by any similar medicine. It cures when others fail. Give it a trial. Usual form, liquid, or in tablet form called Sarsatabs, 100 Doses \$1.

ST. ETIENNE, France, April 14.—The Socialist congress now in session here is notable chiefly for the eclipse of M. Jaures, who has been counseling moderate tactics, and the appearance of M. Guesde as the militant leader of the party. M. Guesde is in favor of continuing the fight on the ground that it is impossible to dethrone capitalism by legal means.

ST. JOHNS, N. F., April 14.—With but a short distance separating them from their home port and a market for their eatch, the men composing the crew of the sailing steamer Vanguard were forced to abandon their ship, and all the results of a month of strendous work, when the steamer's main shaft was broken among the ice fields. The crew landed at Catalina today from the steamer Algernon, which picked them up after the Vanguard had sunk. A catch of 9000 seals went down with the steamer.

ST PETERSBURG, April 11.—Negotiations looking to a settlement of the Turko-Bulgarian dispute, arising from the Bulgarian declaration of independence last year, are taking an unsatisfactory course. Both here and in Constantinople they have come practically to a deadlock M. Poprikoff, the Bulgarian minister of foreign affairs, who has been here since March 3, is preparing to return to Sofia March 3, is preparing to return to Sofia tomorrow or the next day, unless the negotiations take a turn for the better. The mobilization of the Eulgarian army is regarded as a possibility unless Turkey speedily comes to terms.

ACUTE INDIGESTION CAUSES SUDDEN DEATH

The Rapid Increase of This Dangerous Ailment Is Alarming.

Acute Indigestion has caused the death of many a good man or woman

that could have been saved, had the sufferer only been able to get prompt The formation of gas in the stomach so rapid—and the pressure so strong

on the pneumo-gastrie nerve—that, un-less relief is promptly given, it quickly stops the heart action, and death ensues, almost at once.

If taken in time—and in liberal quantities—Kodol will, in every case stop the pain and remove the trouble, within a very few minutes. Kodol is the most perfect digester, and stomach corrector, known to medical science. By expelling the poisonous gases arising from the undigested food lying in the stomach, Kodol at once stops the pressure on the heart, thereby removng the danger of Acute Indigestion. Every tablespoonful of Kodol diges

two and one-quarter pounds of food-any kind of food that a sensible man would ent. It is the only preparation that will do this, and is one that every family should keep on hand. You never know when acute indigestion is going to come. It may come tonight and may come tomorrow. A little Kodol, taken at the right time, may save the life of yourself or some dear one.

Don't neglect your stomach. Don't allow your digestive organs to become weakened and thereby become a likely rictim to Acute Indigestion.

Kodol is pleasant to take, perfectly

harmless—and you can go to your drug-gist and get a dollar bottle, on our guar-antce, that if it fails to give relict, he will refund your money without ques-tion or delay. Prepared only at the laboratories of E. C. DeWitt & Co., Chicago, Ill.
